**Notes**

1. Before a mission, DFA transfers to observers the costs which the OSCE projects are necessary to cover the observer's costs (accommodation, food and incidentals) and costs associated with the driver and interpreter (including accommodation) and car costs. Tax clearance is sought in advance. In the case of EU missions, the EU makes these arrangements directly with observers, without DFA involvement.

2. Roster members who participate in a mission receive €600 once only in a 12 month period. There is no second payment if there is, for instance, a second round run off election or any other mission within 12 months. The €600 covers medical check-ups, vaccinations, PCR tests, visa costs, travel to/from Dublin airport and all other miscellaneous pre-departure mission costs. It is not paid to DFA staff. Payment is made on receipt of tax clearance.

3. Sometime after a mission DFA receives an invoice from the OSCE for balancing costs associated with the mission. These costs are paid directly to the OSCE. \*Balancing invoices have not yet been received for 2023 missions.

4. DFA books, and pays for, flights to OSCE missions. All flights are economy and are arranged to suit the OSCE mission schedule. Roster members resident outside of Ireland may opt to fly from their country of residence for efficiency reasons. In such instances, they are entitled to the cost of the flight from Dublin to the host country, or the cost of the flight from their country of residence, whichever is the lowest cost. Excess flight costs are incurred at their own expense. DFA does not book or pay for flights to EU missions. The EU makes these arrangements directly with the observers selected by the EU from those nominated by DFA. \*\*Balancing invoice is not yet received.

5. Participation in an international election observation mission.

6. Average emissions per tonne/per person as per flight tickets purchased by DFA. The ICAO emissions calculator is available at: <https://www.icao.int/environmental-protection/Carbonoffset/Pages/default.aspx> DFA is making arrangements to comply with DPER Circular 01/20: Procedures for Offsetting the Emissions Associated with Official Air Travel which issued 12 January 2020.

7. DFA keeps an overview of all flights booked each year and makes an annual payment to the Government's Climate Action Fund (CAF) in order to off-set the resulting carbon emissions. The CAF was established to provide assistance and financial support to projects which will help Ireland achieve its climate and energy targets.

8. Insurance cover runs annually from 1 December to 30 November. In December 2022, a payment was made to cover annual insurance costs for 2023.
